ABOUT SHOW

The **5th Dahej Industrial Expo 2025** is poised to be the biggest edition yet, building on the tremendous success of its previous four editions. With each year, the expo has seen exponential growth in both exhibitor participation and visitor turnout. The 2024 edition featured over **500 exhibitors** and welcomed **25,000+** quality attendees, establishing it as one of the largest industrial exhibitions in western India.

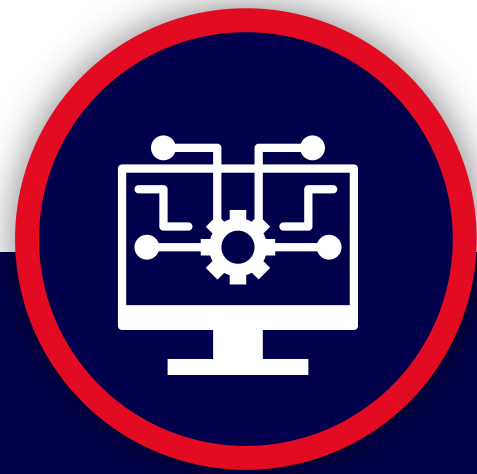

Supported by leading industry brands, government bodies, and trade associations, the expo has emerged as a powerful platform for industrial innovation, networking, and collaboration. For 2025, we anticipate **600+ exhibitors** and over **30,000 attendees**, with the added advantage of two major concurrent events:

- **CPTX** – Chemical & Pharmaceutical Technology Expo, focusing on process technology, packaging, and lab innovations.
- **FSSE** – Fire Safety & Security Expo, dedicated to fire protection, industrial safety, surveillance, and emergency response solutions.

Together, these parallel shows enhance the expo's value and create a multi-sector gathering for all key stakeholders in the industrial ecosystem.
